Mermaid Studio

ON WILSON AVENUE

Because individual tastes and budgets vary, students are asked to supply their own yarn and crochet hook (approx. cost \$20 and up). Be creative and have fun! Mix and match, experiment with yarn colors and fibers, or ribbon, beads and fabric from home. Bring extra to start another project or share. Additional materials will also be available in the studio.

Crochet hooks are commonly made of plastic, aluminum or bamboo; small hands may find plastic more comfortable to hold. It is easiest to learn with thicker yarn and a larger hook.
